FEE CHANGE NOTICE Beginning April 1, 2025

Ohio Senate Bill 94 was passed into law and became effective on October 24th, 2024. This bill allows the County Recorder to charge and collect a document preservation surcharge of up to five dollars per document. See ORC Sec 317.32.

Beginning April 1, 2025, the Putnam County Recorder's Office will begin collecting an additional recording fee of \$5.00 per document. This fee will support the ongoing costs of preservation and digitization of documents.

The additional \$5.00 fee will only apply to documents with a current recording fee of \$34.00 for the first 2 pages and \$8.00 for each subsequent page.

The new fee will not apply to documents assigned "unique" recording fees per the Ohio Revised Code such as: Federal tax liens, Ohio Dept. of Job & Family Services Liens, Plats, Township Zoning Code documents, UCC's, etc.
